EQUIPMENT TO GET THE JOB DONE

---

## RENTAL PROTECTION & MAINTENANCE PLAN (RPM)

Rental Protection & Maintenance Plan (RPM) protects you against additional costs for certain damage to the rental equipment.

RPM is **mandatory** unless a certificate of insurance with 'Rental Equipment Solutions, Inc.' as the loss payee is on file prior to the transaction.

**Note:** RPM is NOT Insurance.

---

When you purchase the Rental Protection & Maintenance Plan, you will not be held responsible for the full replacement value of damaged equipment. If something does go wrong, you will be responsible for 20% of the damage cost, or no more than \$7,500, whichever is less.

Rental Protection & Maintenance Plan will cover:	
Damage to equipment that you are renting from Rental Equipment Solutions	Accidental damage, as long as the damage does not result from intentional abuse or deliberate mis-use of the equipment.

Rental Protection & Maintenance Plan does NOT cover:	
Damage to Tires	Damage to tires and tubes caused by blow out, bruises, cuts, punctures or other causes inherent in the use of the equipment.
Damage to Glass	Damage to glass that might occur from normal or abnormal use, jobsite or construction debris, falling apparatus or other causes inherent in the use of the equipment.
Theft &/or Loss of Equipment and Parts	Rental Protection & Maintenance Plan is not insurance. It is a plan that helps protect the customer from normal wear and tear mishaps, accidental damages or small repairs that might occur during a rental period. Loss and/or theft is <u>not</u> covered under this plan. The customer is fully responsible for lost &/or stolen equipment and parts.
Damage to Equipment Resulting from Abuse &/or Mis-use	Damage to the equipment resulting from abuse or mis-use of what the equipment is designed and rated to perform.

*Customer is responsible for the care and safekeeping of the rental equipment from the time of delivery until retrieval by the Company or return to store location by customer. Customer agrees that they will use best efforts to protect the equipment from loss, theft or damage at all times during the rental period, and until the equipment is retrieved and in the Company's possession.*
